# INTRODUCTION
# AND
# GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, (publishers of the Gastonia City Directory since 1934), present to subscribers and the general public, this, the 1958 edition of the Gastonia City Directory, which also includes Armstrong Development, Flint Mills Villages Nos. 1 and 2, Groves Mills Village, Ranlo, Smyre and West View Heights.

Confidence in the growth of Gastonia's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Gastonia to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Gastonia Directory will fulfill its mission as a source of authentic information pertaining to the community.

**Four Major Departments**

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Gastonia, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Gastonia, Armstrong Development, Flint Mills Villages Nos. 1 and 2, Groves Mills Village, Ranlo, Smyre and West View Heights, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

1A IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

**Community Publicity**

192539

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a

business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free reference, and serve as perpetual and reliable advertisements of Gastonia and vicinity.

### The Gastonia Directory Library

Through the courtesy of the publishers of the Gastonia City Directory, a Directory Library is maintained in the offices of the Gastonia Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

## History and Location

Gastonia is the trade center of an area first settled in the year 1735 by Scotch-Irish and Germans who had lived for a time in Pennsylvania. These early pioneers were attracted here by the mild climate, numerous springs and streams, and fertile soil. Their fair attitude and high standards of living won the friendship of the powerful Catawba Indians, who often fought beside them against unfriendly Indian tribes and also in their Revolutionary War struggles. It is not surprising that the Battle of Kings Mountain, turning point of the Revolution, was fought 20 miles from Gastonia by these same pioneers, determined to keep their religious and political freedom.

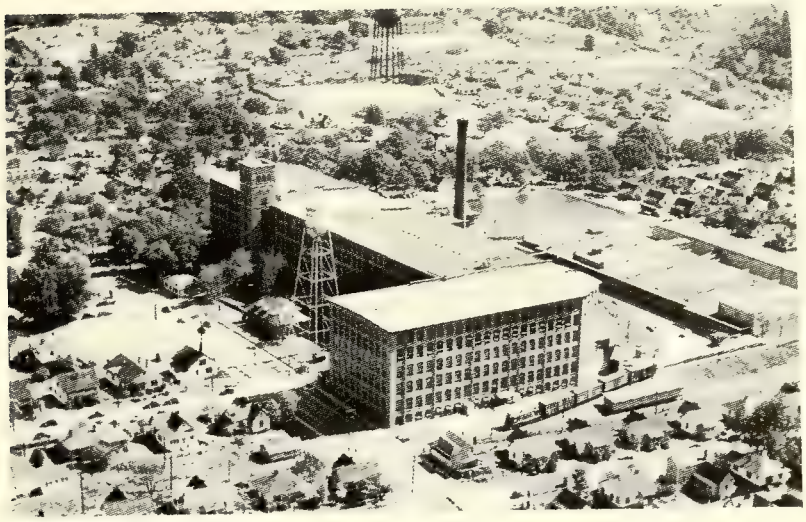

**Twenty miles west of Gastonia a National Military Park, the turning point of the Revolutionary War. Thousands of tourists visit this historic spot every year. This is a picture of the battleground monument.**

## The Changing Scene

Seventy-five years ago this was an undeveloped, backwoods community with nothing to indicate that it was destined to become a giant industrial center. In 1848 some local citizens, recognizing the county's rich natural resources, built the Mountain Island and Woodlawn cotton mills. But industrial development did not begin in earnest until a railroad was built through Gaston County in 1872, bringing the manufacturers into touch with available raw material supplies and the large consuming markets of the nation.

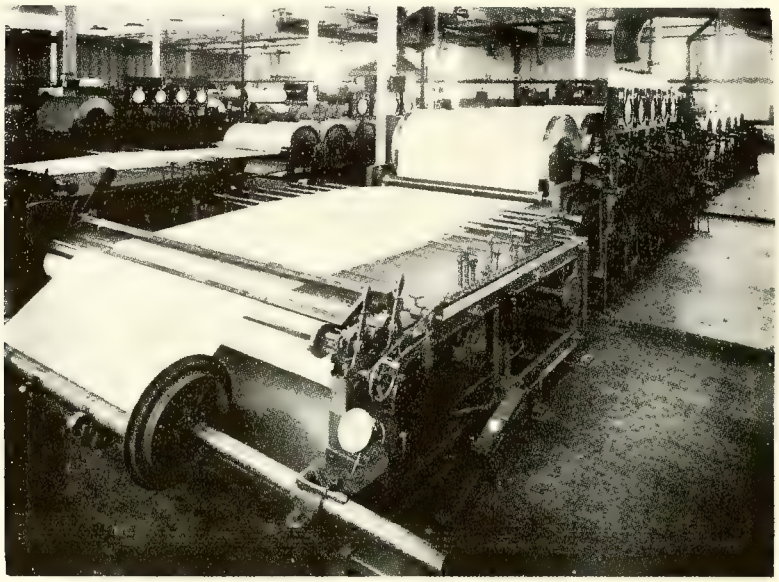

**Gastonia's Main Street and shopping district**

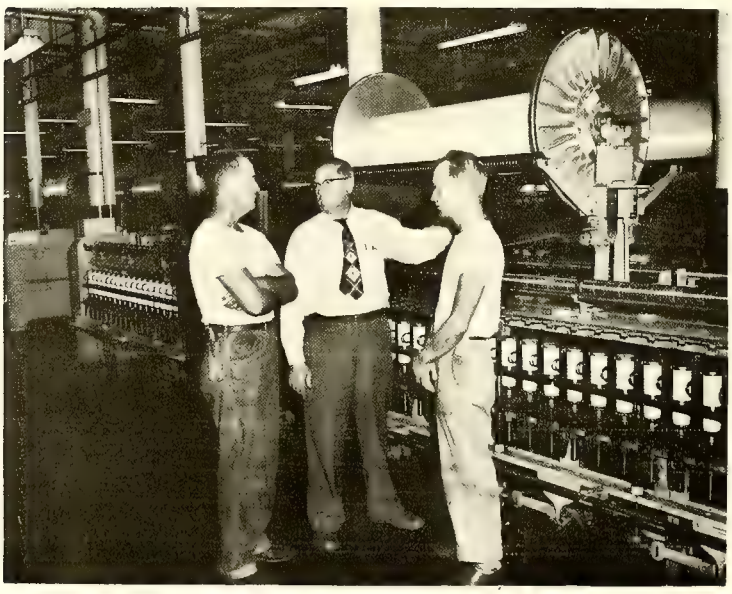

**One of the Largest Tire Fabric Plants Under One Roof in the World, Located in Gastonia.**

## Industrial Supremacy

Today Gastonia's 48 textile plants, with 600,000 spindles, have an average annual payroll of approximately $50 million. Gaston County has 126 textile plants, besides numerous other smaller and allied manufacturing interests. The native-born labor is dependable and unusually intelligent, and there is no discernible friction in industrial relationships between employer and employee. Industrial products include: Cotton yarns, tire fabric, textile machinery, sewing thread, crocheting and knitting yarns, labels, gears, weavers' knotters, roller covering, dress goods, sheeting, leather belting, silk, rayon, mattresses, furniture, textile supplies, hosiery, shoe laces, army uniform cloth, motor-oil filters, carbon manifolds, novelties, industrial paper products, electrical goods, machinery, corrugated boxes, moulded plastics, power chain saws and many other articles.

### More and More People

Each decennial census has recorded a substantial growth in population. Population figures since 1880 are as follows:

| | |
|---|---|
| 1880 - 236 | 1930 - 17,093 |
| 1890 - 1,033 | 1940 - 21,313 |
| 1900 - 4,610 | 1950 - 23,069 |
| 1910 - 5,759 | 1955 - 34,389 (Special Census Enumeration) |
| 1920 - 12,871 | |

**Gastonia is located on U.S. Highway #29 from Washington to Atlanta, frequently referred to as the "Main Street of the South."**

### Excellent Transportation

Gastonia is on the main double-track line of Southern Railway from New York to New Orleans, and is also served by the Carolina and Northwestern and the Piedmont and Northern Railways. Important highways running through the city include U. S. 29, "The Main Street of the South", U. S. 321, U. S. 74, and N. C. Highways 7 and 274. Three bus lines plus a number of motor-freight and express companies operate in all directions from Gastonia. Gastonia is only 20 minutes from the Charlotte airport, served by Eastern, Delta, Capital, and Piedmont air lines. Gastonia has one landing field on the city's outskirts, and one airport.

### Power is an Important Factor

Adequate power is an industrial necessity, and Gastonia is fortunate in having an abundant supply. Several of the Duke Power Company's mammoth hydro-electric and steam auxiliary plants are close by in Gaston County. Anyone considering Gastonia as a place to live or as the location of a business can be sure of the highest type of service as well as the most economical rates.

### Natural Gas

The Public Service Company of N. C. has made natural gas available in Gastonia. It comes from the fields in Texas, brought by the Trans-continental Pipe Line Company, and the pipe line is within 1-1/3 miles of Gastonia's limits.

### Water and Electricity

Gastonia has a splendid new, modern water plant with clear water source. Electricity, purchased by the city from Duke Power Company, is retailed to residential and industrial users. Users outside the city are served directly by Duke Power Company.

**Rankin Lake-the eighty-five acre artificial lake which impounds 250 million gallons of water, the source of Gastonia's supply of fine water.**

### Telecommunications

Splendid telephone service is furnished Gastonia and the numerous nearby towns and cities by the Southern Bell Telephone and Telegraph Co.

### Financial

North Carolina has no ad valorem tax on property. Rate for the city of Gastonia is $1.50 per $100, and for the County of Gaston, $1.10 on $100 valuation. Municipal property is valued at over $9 million. The stable government of North Carolina is fair to capital and to labor, and has a sympathetic understanding of industry's problems.

There are two strong national banks in Gastonia and two thriving building and loan associations, all giving efficient service to the community.

**One of Gastonia's Modern Junior High Schools.**

### Education

The splendid school system is made up of 18 modern school plants, with an enrollment of 12,000 in the metropolitan area. Gastonia is also the home of Gaston Technical Institute, operated under auspices of the School of Engineering

of N. C. State College, where technical courses are offered in internal combustion engines, electrical and building construction technology, and radio broadcasting. The N. C. Vocational School is operated by the Vocational Education Department Mill Maintenance of North Carolina, and offers tuition-free courses in yarn manufacturing, weaving, tailoring, knitting, and designing. Both these schools are valuable to the industrial life of the community. Evans College of Commerce in Gastonia has the important task of training many young people to take their places in the commercial and industrial field. Belmont Abbey College, a four-year college for men, and Sacred Heart Academy for girls, are located at Belmont, N. C., nine miles from Gastonia.

**Belmont Abbey College-located at Belmont, N. C. ten miles east of Gastonia.**

**Gastonia's Civic Center-includes the Public Library, Memorial Hall-Gastonia's gift to its veterans of all wars, and the Gastonia Woman's Club building.**

## Civic Life

Gastonia is a church-going city, with 93 churches representing practically all the well-known denominations—Protestant, Catholic and Jewish.

The value of active civic clubs is appreciated in Gastonia, where strong units of Rotary, Kiwanis, Civitan, Lions, Optimist, Altrusa, and Pilot clubs are giving valuable service. All the leading fraternal organizations are represented in the city, also. Gastonia Woman's Club owns its own handsome building.

Golf courses, swimming pools, tennis courts, parks and playgrounds furnish plenty of opportunity for healthful recreation.

For the prospective resident, Gastonia is favorably situated. In less than 3 hours by automobile a Gastonian can be in the incomparable mountains of North

Carolina, the lovely "Land of the Sky". He is also only 3 hours away from Pinehurst and Southern Pines, famous winter resorts. In warmer weather, the tempting Atlantic beaches can be reached in 5 hours.

Gastonia has two splendid general hospitals for whites and one for Negroes. In addition, there is also the N. C. Orthopedic Hospital, the only state-owned and state-maintained institution of its kind in the South. It cares for patients of both races.

**Gaston County Dairy Herd.**

## Farming Opportunities

Though truck farming has developed rapidly, Gaston still imports thousands of dollars worth of food that could be raised--with profit--in this county. The fast-growing industrial population of the city is a challange to the farmers of the area to produce more food and feed crops each year. Dairying and poultry farming have advanced a great deal in recent years, but there is still a need

**Gaston Country Club and a Part of Its Beautiful Golf Course.**

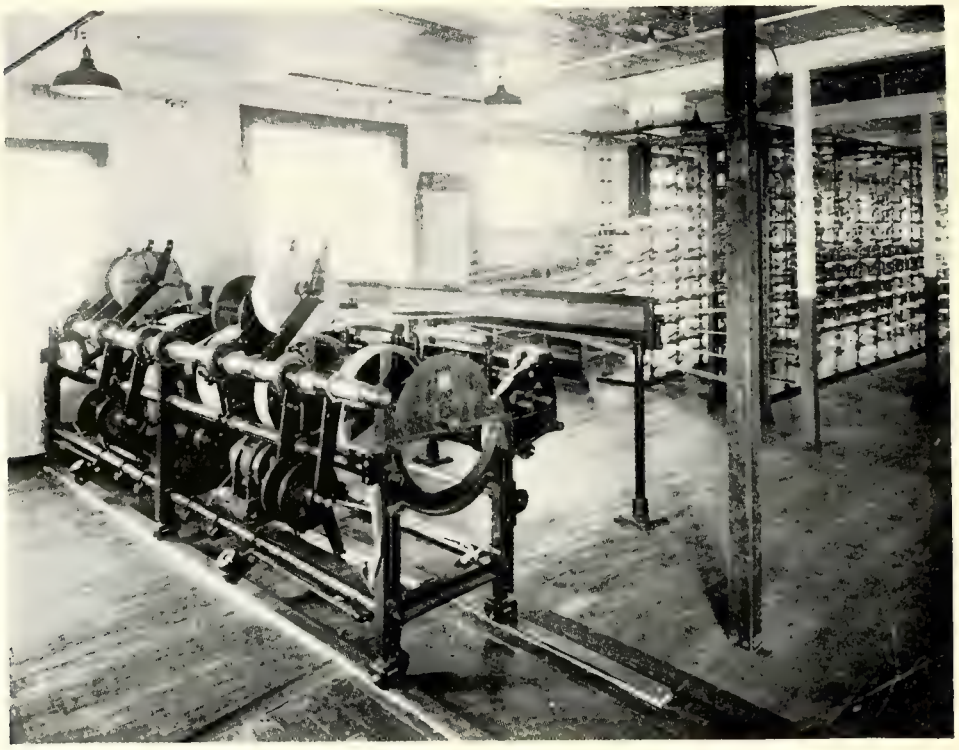

for further development. Fruit growing, too, is gaining in importance, and it is true that no finer peaches can be grown anywhere than those produced in Gaston County. A market for these is close at hand.

Anyone wishing more information about this hustling, friendly city of the Piedmont Carolinas and its advantages and resources is cordially invited to write directly to the Gastonia Chamber of Commerce.

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

**$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.**

## AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

# A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** —aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** —tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

"h"— HOUSEHOLDER

## "r" AND "h"

Two important symbols are used in your City Directory. The symbol "r", before an address stands for "Resident". That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

*Does Not Necessarily Cost a Great Deal*

The satisfaction gained from dressing up the home with modern furniture, carefully selected to fit each room, is ample repayment on the installment. Even a few pieces can alter and enhance the present ensemble; odd corners can be dressed up and made comfortably livable.

***DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?***

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

*Please!* Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

# CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

## A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** —aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** —tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

## CASHIERS! TELLERS! CLERKS!

★

**Do your employers furnish you with the latest edition of the City Directory?**

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Guarding against habitual bill dodgers.
Tracing heirs and witnesses, settling estates, and establishing facts as of a certain date.

## CONSULT YOUR DIRECTORY FIRST

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

## Your City Directory Contains:

**1** An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

**2** *A HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

**3** A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

**4** A *"YELLOW SECTION"*, where the advertiser may explain in greater detail the services or products he has to offer.

**5** A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.

# *Typical Questions*

**Your City Directory**
**Will Answer**

**Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide**

# 1958

**Including Armstrong Development, Flint Mills Villages No.'s 1 and 2, Groves Mills Village, Ranlo, Smyre and West View Heights**

**Copyright, 1958, by Hill Directory Co., Inc.**

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

# DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

# Out of Sight--Out of Mind

# ☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.***

# Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

## *If You Cash Checks for Others*

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence.* Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

## *If You Get Checks Cashed*

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.
